

With sales of €34.5 billion in 2014, Continental is among the leading automotive suppliers worldwide and currently has approximately 200,000 employees in 53 countries. The Automotive Group with its three divisions Chassis & Safety (sales of approx. €7.3 billion in 2013, roughly 36,500 employees), Powertrain (sales of approx. €6.3 billion in 2013, roughly 32,400 employees) and Interior (sales of approx. €6.6 billion in 2013, roughly 34,400 employees) achieved sales of approximately €20 billion in 2013. The Automotive Group is present in more than 170 locations worldwide. As a partner to the automotive and commercial vehicle industry, it develops and produces innovative products and systems for a modern automotive future in which cars provide individual mobility and driving pleasure consistent with driving safety, environmental responsibility, and cost-efficiency.

DRIVE Automotive Graduate Program May 2016

Job-ID:
28183BR

Function:
Trainee Initiatives

Country:
Germany

Location:
Regensburg

Description

During the Automotive Graduate Program starting in May 2016, you will get a global insight in one of the following fields:

- › Electronics and IT with focus on embedded systems
- › Telecommunications aimed at camera, radar, signal processing
- › Electrical Engineering with data processing
- › Software Engineering and Architecture
- › Electrical Engineering focused on Analog & Digital Engineering
- › Mechatronics for E-Mobility
- › Manufacturing and Production
- › LEAN processes
- › Mechanical design
- › Finance and controlling

The program takes twenty four months and splits in 3 assignments each 8 months long. In the first and the last assignment you are located in Germany and in the second one you will gain international experience at one of our international sites.

The location depends on the trainee position focus and the respective Business Unit facility.

You will support your division by creating solutions for future and clever technologies. Your initiative will determine the amount of responsibility in the projects. The program offers you excellent opportunities to grow fast and start your professional career at Continental.

Are you ready to accelerate your career? Fasten your seatbelt!
